

ENTRANCE CONTROL

BESPOKE OPTIONS

A world map in light gray with a network of glowing green nodes and white lines connecting them, symbolizing global connectivity. The nodes are concentrated in Europe, North America, and East Asia.

BRITISH QUALITY, GLOBAL APPEAL

From high-profile government buildings to the top social media companies, private and public organisations around the world choose Fastlane entrance control products to secure their people and assets due to our elegant design and market-leading technology.

**SECURING NOTABLE CORPORATE
BUILDINGS AROUND THE WORLD**
**PROVIDING CORPORATE DISCRETION
OR COLOURFUL EXPRESSION**

TURNSTILES AS UNIQUE AS YOUR REQUIREMENTS

Whether you're an architect looking for a turnstile which perfectly complements the environment you've created, or a Facilities Manager tasked with increasing security whilst simultaneously improving the energy efficiency of your building, our technical and design teams are experts at working in close consultation with you to ensure your precise brief is realised.

CREATE A FINISH WHICH FITS WITH YOUR ENVIRONMENT

There are a number of ways in which you can tailor the final look of the turnstiles, allowing you to reflect an organisation's brand.

Fastlane products are highly customisable with a wide variety of finish options available.

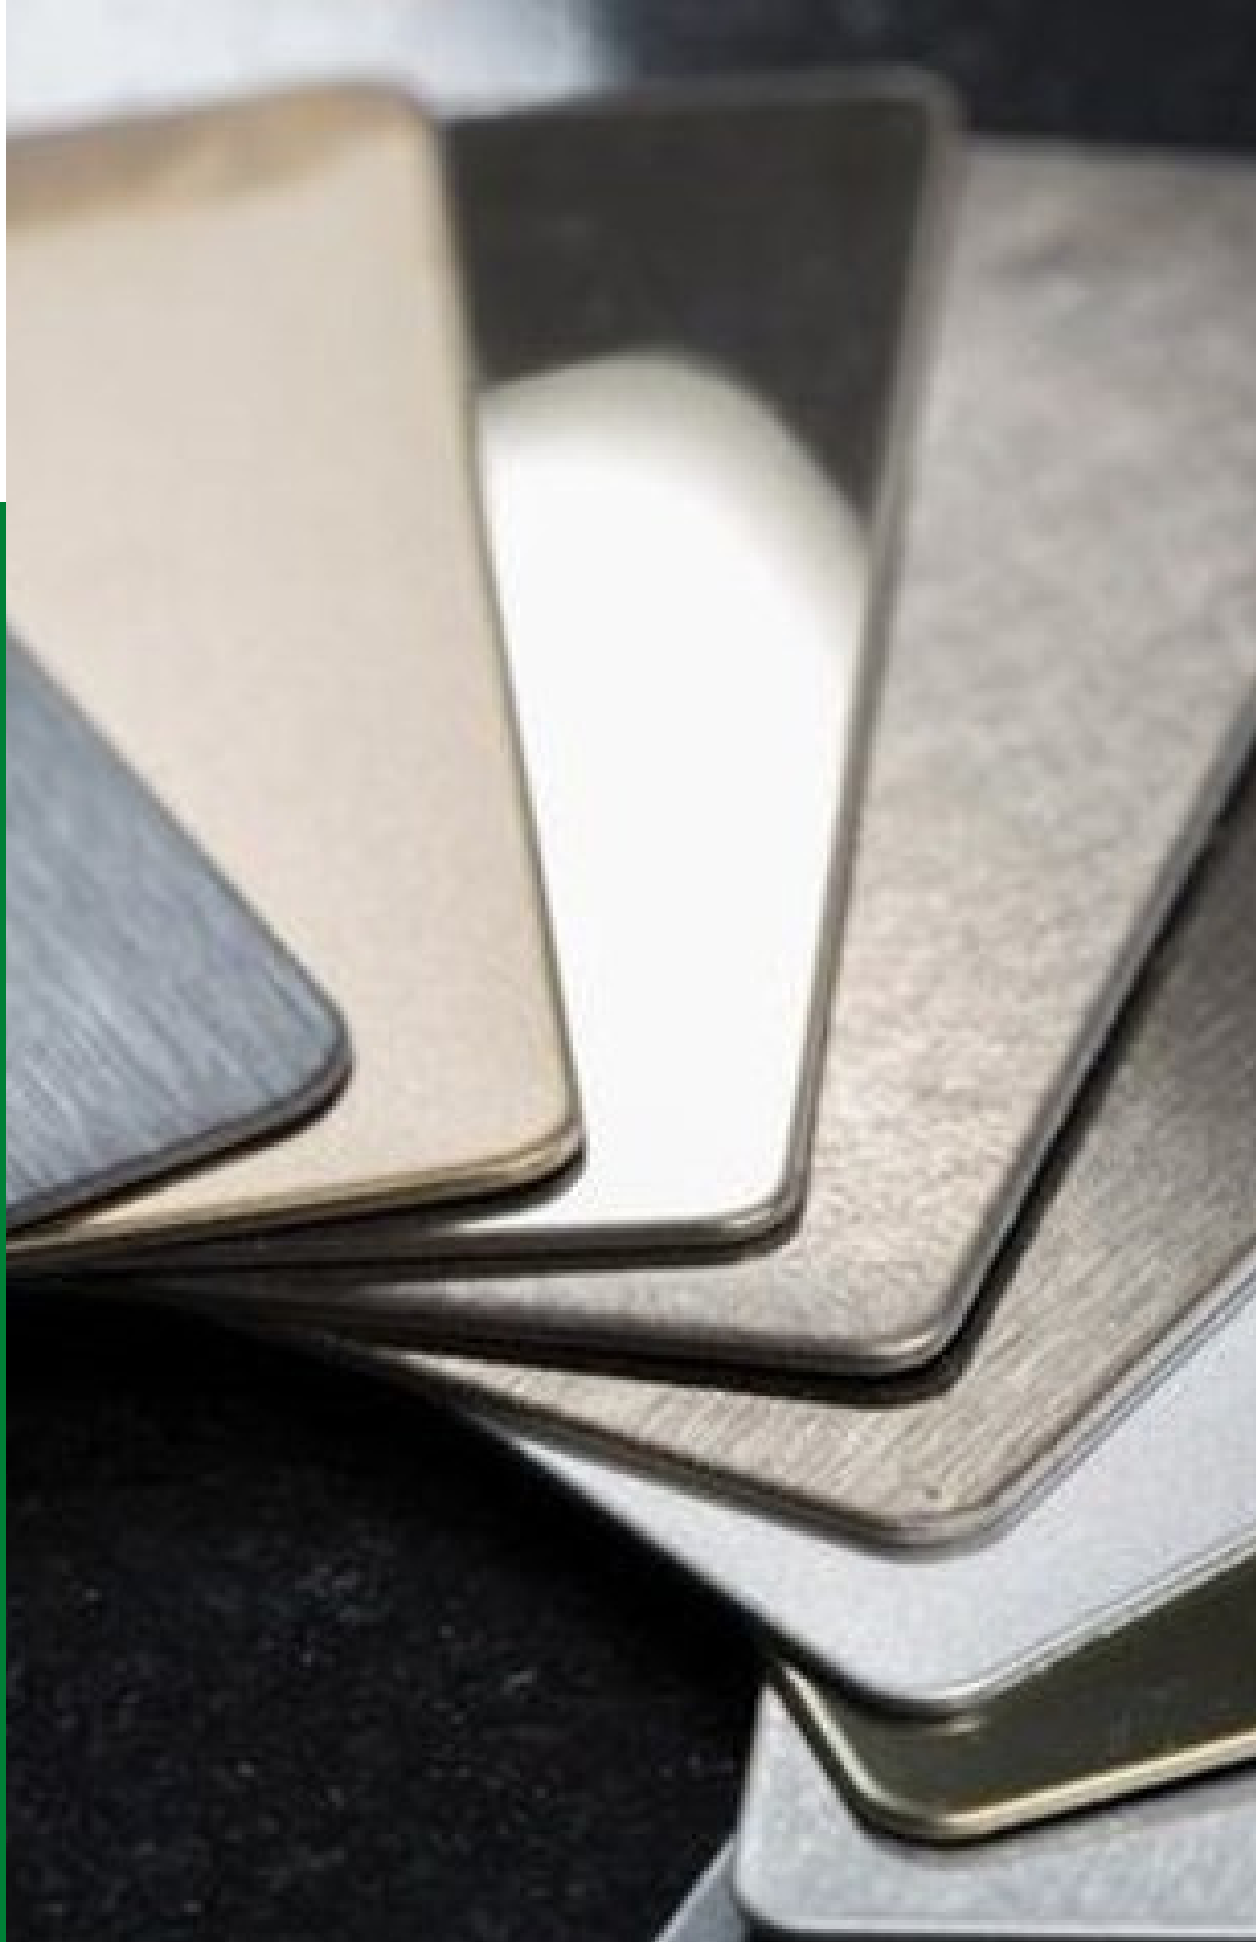

WOOD

NERO ASSOLUTO

AVAILABLE FINISHES

NATURAL

The trend of contrasting natural against industrial materials continues to be popular, and this is something which has been reflected in some of our customers' requests.

AVAILABLE FINISHES

METAL & CORIAN

RIMEX METALS

Whether you're looking for a matte or polished finish, in natural or coloured options, or mirror or satin polishes with a range of colour options, Rimex Metals offers a great range of finishes.

CORIAN® FROM DUPONT

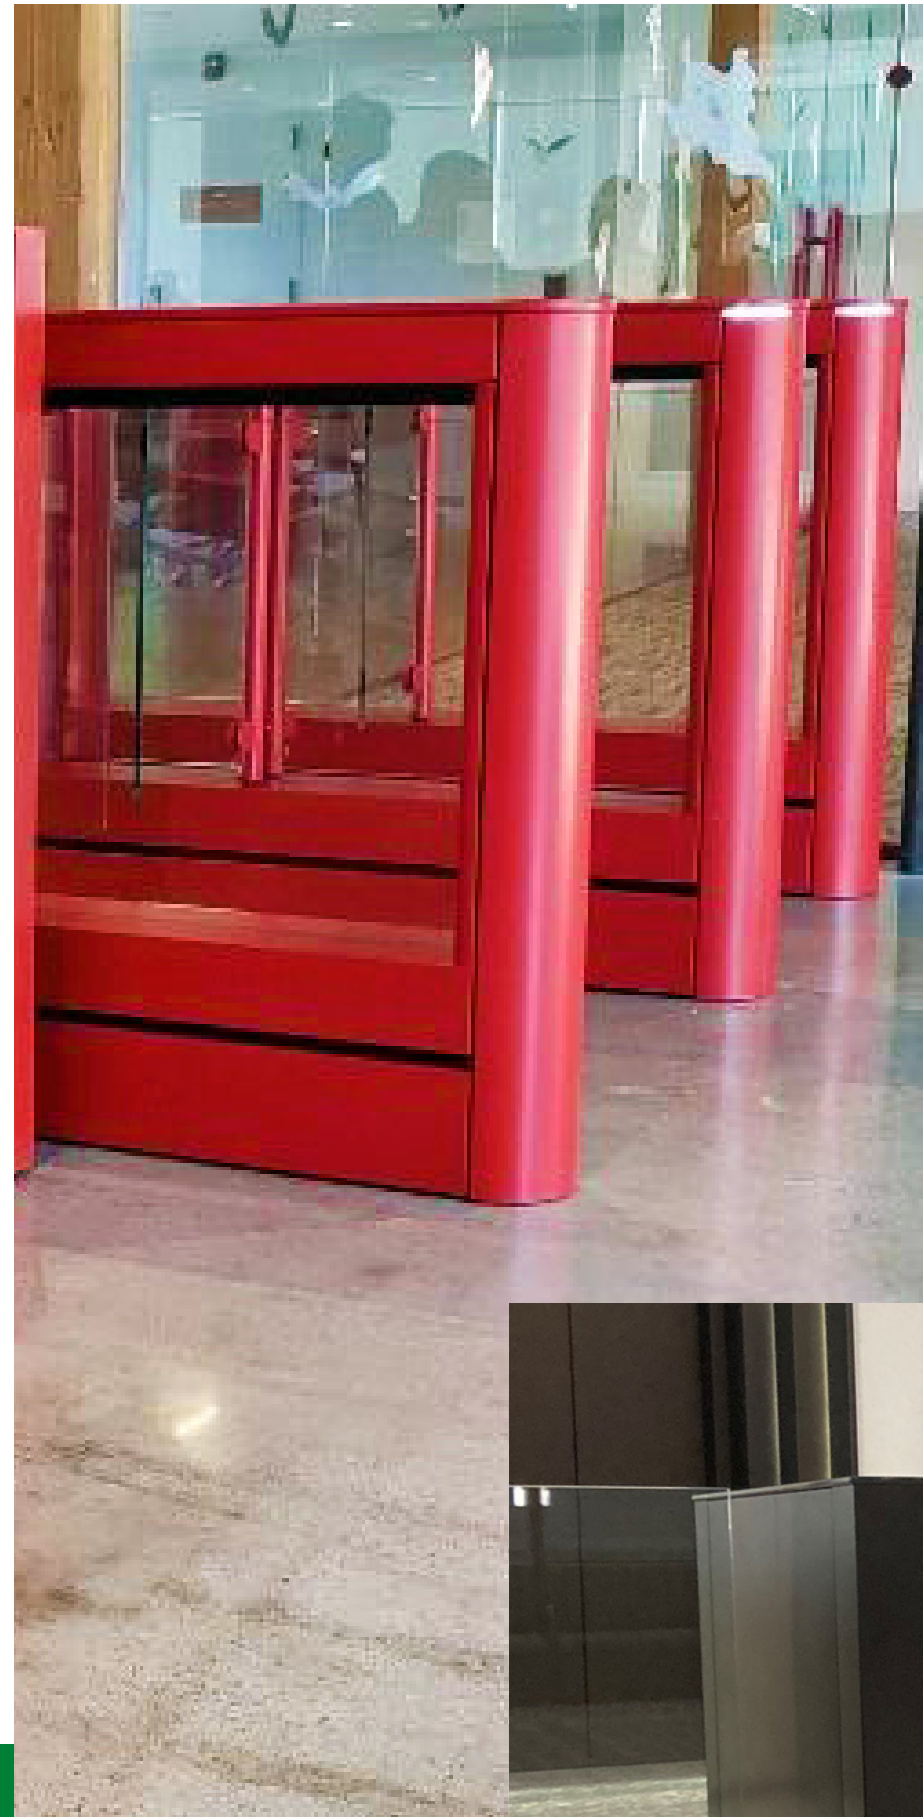

DuPont™ Corian® solid surfaces can be whatever you imagine they can be. Undulating, virtually seamless, organic shapes, bold effects of colour and translucency.

AVAILABLE FINISHES

SPECIALIST PAINT & TREATMENT

Using paints and lacquers is another way to transform an entrance control turnstile.

It is quite surprising the different effects that can be achieved with professional spray paint, again ranging from the subtle to the dynamic, reflecting individual briefs.

GET IN TOUCH

If you have a brief that you think could be satisfied by a custom-designed turnstile, we would be delighted to work together to create the perfect look for your environment.
